# Connecting the dots…from Code to Cloud

## Searching for an Industrial IoT technology partner?

Whether you're industrial, commercial or an OEM, choose Technotects to help improve efficiency on the factory floor and take your business to the next level with the help of **Intelligent IoT**.

technotects 🔍

Smart Things

- Mesh Wireless Bluetooth & Wirepas Sensors
- Long Range Wireless (LoRaWAN) Sensors
- Ultra-Wideband (UWB)
- Satellite-based Sensors
- IO Link Smart Sensors & Actuators
- IoT-enabled I/O Systems
- AI Camera Systems

Smart Machines

- Embedded Systems Integration
- Automation & Control
- CODESYS Integration
- UI/UX/HMI Design
- Robotic Automation
- Artificial Intelligence
- Product Design & Development
- Prototypes, Pilots & POCs

Smart Edge

- Full IoT Stack Development
- Open Source or Supported
- Edge Dashboards & Analytics
- Remote Device Management
- Smart Sensor Integration
- Wired & Wireless Networks
- Secure IIoT Connectivity
- Cloud Agnostic Designs

Smart Apps

- Industrial Cloud Analytics
- Azure, AWS, Google
- EdgeX, Losant, Telit, PTC, Mendix, Litmus Platforms
- Cross Platform App Design
- Native & Responsive Apps
- iOS, Android, Web
- Multilingual - .NET, C#, Java, GO, PHP, Python …
